State of Nebraska
(hereinafter "State")

Participating State Contract Number 88525 O4

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04 (R.S. Supp. 2019), State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting Participating Addendum will be posted to a public website managed by DAS, which can be found at <http://statecontracts.nebraska.gov>.

Contractor may request that proprietary information be excluded from the posting. The Contractor must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously in black ink with the words "PROPRIETARY INFORMATION". The Contractor must submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992). **THE CONTRACTOR MAY NOT ASSERT THAT THE ENTIRE PARTICIPATING ADDENDUM IS PROPRIETARY. COSTS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA.** The State will then determine, in its discretion, if the interests served by nondisclosure outweighs any public purpose served by disclosure. (See Neb. Rev. Stat. § 84-712.05(3)) (R.S. Supp. 2019). The Contractor will be notified of the State's decision. Absent a State determination that information is proprietary, the State will consider all information a public record subject to release regardless of any assertion that the information is proprietary.

If the State determines it is required to release proprietary information, the Contractor will be informed. It will be the Contractor's responsibility to defend the Contractor's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, authorize others to use the documents, or otherwise use the Participating Addendum or other documents received with regard to the Participating Addendum. Contractor specifically waives any copyright or other protection the Participating Addendum or other documents may have. This reservation and waiver is a prerequisite for entering into this Participating Addendum.

Contractor agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the Participating Addendum or documents.

If the State and Contractor fail to agree on the final Terms and Conditions, the State reserves the right to withdraw the offer. The State also reserves the right to withdraw the offer if the Contractor attempts to substitute the Contractor's commercial contracts and/or documents for this Participating Addendum.

The Contractor should submit in an editable format any license, user agreement, service level agreement, or similar documents that the Contractor wants incorporated in the Participating Addendum. These Contractor documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties. The State will not consider incorporation of any document not submitted with the Contractor's response to these Terms and Conditions as the document(s) will not have been included in the negotiation process.

If a conflict or ambiguity arises after the Participating Addendum has been negotiated and agreed to, the Participating Addendum shall be interpreted as follows:

1. If only one Party has a particular clause then that clause shall control;
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together;
3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

C. GOVERNING LAW (Statutory)

Notwithstanding any other provision of this Contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this Contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this Contract must be brought in the State of Nebraska per state law; (4) the person signing this Participating Addendum on behalf of the State does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final Contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final Contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final Contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

D. BEGINNING OF WORK

The Contractor shall not commence any billable work until a valid Participating Addendum has been fully executed by the State and the successful Contractor. The Contractor will be notified in writing when work may begin.

E. CHANGE ORDERS

The State and the Contractor, upon written agreement, may make changes to the Contract within the general scope of the Contract. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the Contract shall not be deemed a change. The Contractor may not claim forfeiture of the Contract by reasons of such changes.

The Contractor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Contractor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the original Contract, were foreseeable, or result from difficulties with or failure of the Contractor's performance.

No change shall be implemented by the Contractor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both Parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the Contract and law.

F. NOTICE OF POTENTIAL CONTRACTOR BREACH

If Contractor breaches the Contract or anticipates breaching the Contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the Contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

G. BREACH

Either Party may terminate the Contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the Contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of Contract does not waive the right to immediately terminate the Contract for the same or different Contract breach which may occur at a different time. In case of default of the Contractor, the State may procure the products or service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

H. NON-WAIVER OF BREACH

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

I. SEVERABILITY

If any term or condition of the Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Contract did not contain the provision held to be invalid or illegal.

J. INDEMNIFICATION

1. GENERAL

The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, subcontractors, consultants, representatives, and agents, resulting from this Contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. INTELLECTUAL PROPERTY

The Contractor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Contractor or its employees, subcontractors, consultants, representatives, and agents; provided, however, the State gives the Contractor prompt notice in writing of the claim. The Contractor may not settle any infringement claim that will affect the State's use of any software provided by Contractor pursuant to the Contract without the State's prior written consent, which consent may not be unreasonably withheld.

If a judgment or settlement is obtained or reasonably anticipated against the State's use of any intellectual property for which the Contractor has indemnified the State, the Contractor shall, at the Contractor's sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Contractor, and the State may receive the remedies provided under this Contract.

3. PERSONNEL

The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Contractor.

4. SELF-INSURANCE

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2014). If there is a presumed loss under the provisions of this Contract, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,294 – 81-8,306 (Reissue 2014) for review by the State Claims Board. The State retains all rights and

5. The Parties acknowledge that the Attorney General for the State of Nebraska is authorized by statute to represent the legal interests of the State, and that any provision of this Contract is subject to the statutory authority of the Attorney General.

K. ATTORNEY'S FEES

In the event of any litigation, appeal, or other legal action to enforce any provision of the Contract, the Parties agree to pay all expenses of such action, as permitted by law and if order by the court, including attorney's fees and costs, if the other Party prevails.

L. ASSIGNMENT, SALE, OR MERGER

Either Party may assign the Contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Contractor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Contractor's business. Contractor agrees to cooperate with the State in executing amendments to the Contract to allow for the transaction. If a third party or entity is involved in the transaction, the Contractor will remain responsible for performance of the Contract until such time as the third party or entity involved in the transaction agrees in writing to be contractually bound by this Contract and perform all obligations of the Contract.

M. CONTRACTING WITH OTHER NEBRASKA POLITICAL SUB-DIVISIONS

The Contractor may, but shall not be required to, allow political subdivisions to use this Participating Addendum. The terms and conditions, including price, of the Participating Addendum may not be amended. The State shall not be contractually obligated or liable for any purchases or agreements entered into by political subdivisions pursuant to this clause. A listing of Nebraska political subdivisions may be found at the website of the Nebraska Auditor of Public Accounts.

N. FORCE MAJEURE

Neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the Contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event"). The Party so affected shall immediately make a written request for relief to the other Party, and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

O. CONFIDENTIALITY

All materials and information provided by the Parties or acquired by a Party on behalf of the other Party shall be regarded as confidential information. All materials and information provided or acquired shall be handled in accordance with federal and state law, and ethical standards. Should said confidentiality be breached by a Party, the Party shall notify the other Party immediately of said breach and take immediate corrective action.

It is incumbent upon the Parties to inform their officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (i)(1), which is made applicable by

1. The State and the Contractor, by mutual written agreement, may terminate the Contract at any time.
2. The State, in its sole discretion, may terminate the Contract for any reason upon thirty (30) calendar day's written notice to the Contractor. Such termination shall not relieve the Contractor of warranty or other service obligations incurred under the terms of the Contract. 2. Transfer ownership and title to all completed or partially completed deliverables to the State;
3. Return to the State all information and data, unless the Contractor is permitted to keep the information or data by Contract or rule of law. Contractor may retain one copy of any information or data as required to comply with applicable work product documentation standards or as are automatically retained in the course of Contractor's routine back up procedures;

R. TIME IS OF THE ESSENCE

Time is of the essence in this Contract. The acceptance of late performance with or without objection or reservation by the State shall not waive any rights of the State nor constitute a waiver of the requirement of timely performance of any obligations on the part of the Contractor remaining to be performed.

S. FEDERAL FUNDING PROVISIONS

1. The Contractor is solely responsible for fulfilling the Contract. The Contractor or the Contractor's representative shall be the sole point of contact regarding all contractual matters.

The Contractor shall secure, at its own expense, all personnel required to provide the products and perform the services under the Contract. This must be accomplished prior to execution of the Participating Addendum.

C. EMPLOYEE WORK ELIGIBILITY STATUS

The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

2. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Contractor has verified that each subcontractor has the required coverage; or,
3. Provide the State with copies of each subcontractor's COI evidencing the required coverage.

The Contractor shall not allow any subcontractor to commence work until the subcontractor has equivalent insurance. If by the terms of any insurance a mandatory deductible is required, or if the Contractor elects to increase the mandatory deductible amount, the Contractor shall be responsible for payment of the amount of the deductible in the event of a paid claim.

The termination of this Exhibit B shall not relieve State or County User of its liability to pay any amounts due to Contractor hereunder and shall only entitle State or County User to a prorated refund of any fees already paid to Contractor in the event that this Exhibit B is terminated pursuant to subsection 1(b) or 1(c) above.

2. **Fees.** In consideration for Contractor's agreement to provide Hardware Maintenance and Software License, Maintenance and Support Services under this Exhibit B, State or County User shall pay to Contractor the Hardware Maintenance and Software License, Maintenance and Support Fees set forth on Schedule B1 for the Term. The Hardware Maintenance and Software License, Maintenance and Support Fees for the Term are due as set forth on Schedule B1. The Software License, Maintenance and Support Fee shall be comprised of (i) a fee for the Software License, Maintenance and Support provided for the Contractor Firmware, and (ii) a fee for the Software License, Maintenance and Support provided for all other Contractor Software, and shall be in addition to any fees or charges separately referred to in any Section of this Exhibit B. If State or a County User elects to receive Software License, Maintenance and Support for an Add-On or New Product during the Term, Contractor will charge an incremental Software License, Maintenance and Support Fee for such services.

ARTICLE II HARDWARE

1. **Maintenance Services.** The Hardware Maintenance Services to be provided to State and County Users under this Agreement for the Contractor equipment set forth on Schedule B1 (the "Products") shall be subject to the following terms and conditions:

a. **Routine Maintenance Services.** A Contractor Representative shall provide such services as may be necessary to keep the Products working in accordance with their Documentation, normal wear and tear excepted ("Normal Working Condition"). The services provided by Contractor pursuant to this Subsection 1(a) are referred to herein as "Routine Maintenance Services. Routine Maintenance Services shall be provided once each **Twenty-Four (24) Months** during the Term for those Products identified on Schedule B1 as Extended Warranty with Biennial Maintenance. Generally, Routine Maintenance Services shall include cleaning, lubrication, diagnostic check, and calibration services. The Routine Maintenance Services shall not include the repair or replacement of any Contractor Equipment components that are consumed in the normal course of operating the Equipment, including, but not limited to, printer ribbons, printer cartridges, paper rolls, batteries, removable media storage devices, PCMCIA cards or marking devices. State or County may request that Routine Maintenance Services be performed more than once during the Term. Any such request shall be made at least sixty (60) days before the Routine Maintenance Services are desired. The per-unit fee for such additional Routine Maintenance Services is set forth on Schedule B1 and shall be due within forty-five (45) days after invoice date. Contractor will schedule the Routine Maintenance Services with State or County User. The Routine Maintenance Services will be provided at State's or County User's Designated Location. State's or County User's "Designated Location" shall mean State's or County User's owned or leased facility at which State or County User desires Contractor to perform the Hardware Maintenance Services within the State of Nebraska. State and County Users acknowledge and agree that the performance of Routine Maintenance Services for Product(s) identified on Schedule B1 as "**Extended Warranty Coverage**" shall only be provided pursuant to Section 1(b) below.

b. **Repair Services.**

i. **Defects Under Normal Use and Service.** If a defect or malfunction occurs in any Product while it is under normal use and service, State or County User shall promptly notify Contractor, and Contractor shall use reasonable efforts to restore the item to Normal Working Condition as soon as practicable. The services provided by Contractor pursuant to this Subsection 1(b)(i) are referred to herein as "Repair Services". Contractor will perform Repair Services in conjunction with a Routine Maintenance Service event at the State's or County User's Designated Location.

ii. **Defects Due to State or County User Actions or Omissions.** If a defect or malfunction occurs in any Product as a result of (1) repairs, changes, modifications or alterations not authorized or approved by Contractor, (2) accident, theft, vandalism, neglect, abuse or use that is not in accordance with instructions or specifications furnished by Contractor or (3) causes beyond the reasonable control of Contractor or State or County User, including acts of God, fire, flooding, riots, acts of war, terrorism or insurrection, labor disputes, transportation delays, governmental regulations, and utility or communication interruptions, rodent infestation, or if State or County User does not notify Contractor within three (3) business days after it knows of the defect or malfunction, State or County User shall pay Contractor for the Repair Services at Contractor's then-current rates, as well as for the cost of all parts used in connection with such Repair Services.

iii. **Timing.** The date(s) on which any Repair Services shall be provided shall be mutually agreed upon by Contractor and State and/or County User. If State or

a County User requires Contractor to provide "emergency" Repair Services (which shall be defined as Repair Services that are provided by Contractor within 48 hours after State notifies Contractor of the need therefore), and such emergency Repair Services are not needed as a result of an action, error or omission by Contractor, State or County User shall pay a surcharge, as set forth on Schedule B1.

iv. **Loaner Unit.** At State's or a County User's request and if such product is available, Contractor shall use reasonable efforts to promptly make available to State or a County User a product that is the same as, or substantially similar to, the Product for which Repair Services are being performed (a "Loaner Unit"). If the Repair Services are being performed pursuant to Subsection 1(b)(ii) above, State or County User shall pay Contractor for the use of the Loaner Unit at Contractor's then-current rates including the cost of shipping.

c. **Exclusions.** Contractor has no obligation under this Agreement to (i) assume the obligations under any existing or expired warranty for a Third Party Item; (ii) repair or replace Product components that are consumed in the normal course of operating the Product, including, but not limited to, printer ribbons, printer cartridges, paper rolls, batteries, removable media storage devices, PCMCIA cards or marking devices, or (iii) repair any Product from which the serial number has been removed or altered. In addition, Contractor may, at any time in its discretion, determine that any Product is no longer fit for Hardware Maintenance Services because it is in such poor condition that it cannot practically be restored to Normal Working Condition, or cannot be restored to Normal Working Condition at an expense that is less than the then-current value of the Product. If such a determination is made, Contractor shall no longer be required to provide Hardware Maintenance Services for such Product. Contractor shall also refund to State or County User an amount equal to (1) that portion of the most recent fee paid for Hardware Maintenance Services that is attributable to such Product, multiplied by (2) a fraction, the numerator of which is the remaining number of days in the respective period within the Term for which such fee was paid and the denominator of which is the total number of days in the respective period within such Term.

d. **Sole Provider; Access.** State or a County User shall not permit any individual other than a Contractor Representative to provide maintenance or repairs with respect to the Products for so long as the Term is in effect. State or County User shall provide Contractor Representatives with all information necessary to enable them to provide Hardware Maintenance Services. State or County User shall likewise provide full access to the Products and adequate working space for all Hardware Maintenance Services performed at its Designated Location, including sufficient heat, lights, ventilation, electric current and outlets.

e. **Environmental Conditions.** Products should be stored in a clean, dry and secure environment. During the storage and operation of the Products, the temperature and moisture ranges should be maintained in accordance with the Products' Documentation.

f. **Reinstatement of Hardware Maintenance Services; Inspection.** If the Term or contract is terminated, State or County User may thereafter resume receiving Hardware Maintenance Services upon (a) notification to Contractor and (b) the granting to Contractor of access to the Products. Contractor requires State or a County User to allow it to inspect such Products before it provides any Hardware Maintenance Services. The purpose of such inspection shall be to determine whether or not the Products are in Normal Working Condition. The cost of such inspection will be at Contractor's then current rates and shall be due from State or County User within forty-five (45) days of its receipt of Contractor's invoice therefore. If any of the Products is not in Normal Working Condition, Contractor, at the option of State or a County User, (i) shall provide such repairs and replacements as it deems reasonable and necessary to restore such item to Normal Working Condition, at State's or County User's expense with respect to the cost of any labor (charged at Contractor's then

current rates) and parts used in such repairs or replacements, or (ii) shall not provide any Hardware Maintenance Services with respect to such Product(s).

ARTICLE III

E(2-4) of the Participating Addendum as well as to enable it to perform in accordance with its Documentation in all material respects, and to cure any defect in material or workmanship. The specific Software License, Maintenance and Support services provided by Contractor and each party's obligations with respect to such services are set forth on Schedule B1.

2. **Updates.** During the Term, Contractor may continue to provide Updates in accordance with the terms of Section IV. E(5) Updates of the Participating Addendum.

3. **Conditions.** Contractor shall not provide Software License, Maintenance and Support for any item of Contractor Software if such item requires such services as a result of (a) repairs, changes, modifications or alterations not authorized or approved by Contractor, (b) accident, theft, vandalism, neglect, abuse or use that is not in accordance with instructions or specifications furnished by Contractor, (c) causes beyond the reasonable control of Contractor or State or County User, including acts of God, fire, flooding, riots, acts of war, terrorism or insurrection, labor disputes, transportation delays, governmental regulations and utility or communication interruptions, (d) State's or County User's failure to timely and properly install and use the most recent update provided to it by Contractor, or (e) State's or County User's failure to notify Contractor within three (3) business days after State or County User knows of the need for such services. Any such Software License, Maintenance and Support provided as a result of items set forth in this Section 3 shall be provided at the fees to be agreed upon by the parties if and when the need for such Software License, Maintenance and Support arises. Replacement versions of Software requested by State or County User as a result of items set forth in this Section 3 or as a result of State's or County User's actions or inactions shall be billable to State or County User at Contractor's then current rates.

4. **Proprietary Rights.** Contractor shall own the entire right, title and interest in and to all corrections, programs, information and work product conceived, created or developed, alone or with State or County Users or others, as a result of or related to the performance of this Exhibit B, including all proprietary rights therein or based thereon. Subject to the payment of all Software License, Maintenance and Support Fees, Contractor hereby grants to State and County Users a non-exclusive license to use that portion of such corrections, programs, information and work product that Contractor actually delivers to State or County User pursuant to this Exhibit B. All licensed items shall be deemed to be Contractor Software for purposes of this Exhibit B. Except and to the extent expressly provided herein, Contractor does not grant to State or a County User any right, license, or other proprietary right, express or implied, in or to any corrections, programs, information, or work product covered by this Exhibit B.

5. **Reinstatement of Software License, Maintenance and Support.** If the Term expires or Contracts is terminated, State or a County User may thereafter receive a Software License and resume receiving Software Maintenance and Support upon (a) notification to Contractor, (b) payment of all fees, which would have been due to Contractor had the Term not expired, and (c) the granting to Contractor of access to the Contractor Software, so that Contractor may analyze it and perform such maintenance as may be necessary before resuming the Software License, Maintenance and Support services.
